PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with 1.5 year of hands-on experience developing, integrating, and deploying scalable web applications in healthcare domain. Expertise in modern JavaScript frameworks, backend technologies, AWS cloud services, and API development. Proven track record of delivering solutions across complete SDLC from QA through Production environments using Agile methodologies.

TECHNICAL SKILLS

- **Frontend:** React.js, HTML5, CSS3, JavaScript (ES6+), Responsive Design
- **Backend:** Node.js, PHP, Express.js, RESTful APIs, Microservices Architecture
- **Cloud & DevOps:** AWS Lambda, API Gateway, AWS S3, EC2, CloudWatch, CI/CD Pipelines
- **Databases:** MySQL, MongoDB, Database Design and Optimization
- **Tools & Technologies:** Git, Jira, Postman, Docker, Chatbot Development
- **Healthcare:** EMR/EHR Integration, HL7, FHIR Standards, HIPAA Compliance

PROFESSIONAL EXPERIENCES

Full Stack Developer *September 2024 – August 2025*
Yosi Health, Coimbatore, Tamil Nadu, India

- Developed and deployed 15+ RESTful APIs using Node.js and PHP, facilitating seamless healthcare data exchange and improving system interoperability by 40%
- Architected serverless solutions using AWS Lambda functions integrated with API Gateway, reducing infrastructure costs by 30% while enhancing scalability
- Implemented secure EMR/EHR system integrations ensuring HIPAA-compliant data transfer protocols and meeting healthcare industry security standards
- Built responsive frontend interfaces using React.js, delivering intuitive user experiences for healthcare professionals
- Handled code deployments across QA, Development, UAT, Pre-Production, and Production environments, maintaining 99.9% uptime
- Collaborated with cross-functional teams using Jira for sprint planning and task management, consistently meeting project deadlines
- Optimized database queries and API response times by 50%, significantly improving application performance
- Created comprehensive API documentation and conducted code reviews to maintain high code quality standards

Customer Care Advisor *Prior to September 2024*
Jio (Reliance Industries)

- Delivered exceptional customer service and technical support to diverse client base
- Developed strong communication and problem-solving skills in fast-paced environment

EDUCATION

Bachelor of Engineering in Electronics and Communication Engineering *July 2017 – November 2021*
Sri Ranganathar Institute of Engineering and Technology, Coimbatore

RECORDS/CERTIFICATION

- Full stack developer - KGISL micro college, Coimbatore *Nov 2023 — June 2024*
- Future kalam's book of records - SRIET college, Coimbatore *Feb 2019*
- Universal book of records - SRIET college, Coimbatore *Feb 2019*

KEY ACHIEVEMENTS

- Successfully migrated legacy monolithic application to microservices architecture using AWS Lambda
- Reduced API response time by 50% through query optimization and efficient caching strategies
- Achieved zero critical bugs in production deployments for 6 consecutive months
